

Ithaca College London Center

# SUMMER 2024

The Ithaca College London Center summer program consists of two options, each of which is a seven-week, six-credit experience.

### **Option 1**

Internship & internship seminar

### **Option 2**

Choice of two classes

## **Application information**

Due February 15 for internship option and March 1 for coursework option. Applications are online at [bit.ly/London-apply](http://bit.ly/London-apply). Students applying for an internship will also need to complete an internship application, which will be provided upon acceptance to the London Center summer program.

## **Dates**

*Dates are tentative and subject to change.*

- ▶ Departure from NY – Saturday, May 18
- ▶ Arrival in London – Sunday, May 19
- ▶ Return flight to U.S. – Sunday, July 7

## **Costs**

*Costs are estimates and subject to change.*

- ▶ Tuition (6 credits)           \$3,600
- ▶ Housing (est.)               \$4,000
- ▶ Airfare (est.)               \$1,200
- ▶ Program fee                 \$ 250
- ▶ Int'l insurance             \$ 140
- ▶ Living expenses (est.)   \$1,500 - \$2,500

Students planning to do an internship should budget an additional \$600 for the required student visa and for transportation to/from the internship site.

## **Housing**

Students will be placed in shared flats or residence hall-style accommodation in Central London. Properties are fully furnished, clean, and regularly maintained. Each is located with easy access to public transportation.

## **Travel**

A group flight will be arranged for students wishing to travel together. Students may choose the group flight or may make their own travel arrangements. Those making their own arrangements should plan to arrive in London by noon on Sunday, May 19.

## **Field trips & day trips**

All London Center classes include hands-on, out-of-the-classroom experiences, including visits to museums, galleries, businesses, sporting events, theatrical performances, concerts, and other places of relevance to the course material.

Summer London students will also enjoy a day trip organized by the Center, to places such as Bath, Stonehenge, or Brighton (destination may vary).

## **Option 1: Internship**

Students who wish to pursue an internship will submit a cover letter and résumé and will complete a questionnaire about the type of placement desired. Our London Center internship coordinators find placements for each student based upon the information submitted. Internships can be in any field, except where students would be working directly with patients or clients

who belong to certain vulnerable population groups. The placement must be related to either the student's major or minor. Internships are 3 credits and are unpaid.

The seminar is a 3-credit interdisciplinary course that complements the internship. The readings and assignments are rooted in current events in the UK and in those features of British culture that distinguish it from the USA, especially those relevant to work culture in both countries.

## **Option 2: Coursework**

Students who wish to take courses instead of an internship should select two courses from those listed below.

**NOTE: Course selection is tentative and subject to change** based upon instructor availability and student interest. Some courses may not be offered if there isn't sufficient interest.
