

**HNRS 27000 Honors: London as Text (LA)**

Seeks to immerse students in the amazing cosmopolis of London. Participants in this seminar will not tour the city so much as interrogate it. Investigations will extend to as many aspects of the city as we can manage in a semester, and the objects of those inquiries will be as varied as the interests of the participants. Open only to members of the Ithaca College Honors Program. Prerequisite: One Honors course. (F)
